5. Working session
6. Assign new independent work
7. Adjourn

Called to order at 7:10

Fuel prebuy quotes

Dead River

Not doing prebuy as of this time. May do it at the end of the summer.

Current prices are: \$5.15/gal for heating oil and \$5.25 for diesel

Cota and Cota - Not doing prebuy.

Bart

Is doing prebuy: \$4.99 heating oil +.02 tax/gallon. Are offering a price protection plan: for \$240 upfront, we would get the lower price if the prices fall under \$4.99/gal.

Diesel is \$.25 over rack price – current rack price is \$4.72/gal would = \$4.97/gal.

Sign contract now and program runs Oct - April

Janet wants to add up the gallons of diesel we bought from Dead River because she thinks they may have made a mistake with how many gallons were in our contract. Hannah will print a report of all the deliveries for her to add up.

Janet has been in contact with Efficiency Vermont and they are coming on June 24th to walk through the garage, elem. school bldg. and town office to see what they might be able to help with and get us in contact with the right people for next steps.

Janet heard a program about Generac brand batteries in Windham county that might be available free of charge or low cost. She's going to look into it.

Next meeting September 13th. Or earlier if there is something to research.
