Freightliner

- Needs \$11,322.11 of work on emissions and is non-functional
- Options:
  - Pay it. Denise doesn't want to.
  - Buy a used truck replacement earlier than scheduled (2022 is scheduled large truck replacement)
  - Go to the voters in a special town meeting to ask to buy a new truck (probably with a loan)
- Problems:
  - Finding either a new or a used truck asap
  - Amber suggests a 5500 series Dodge might be an option
  - Fairfield's has new trucks ready to go with some extras that the town doesn't need. Someone needs to ask for prices.

Matt should call around and get some price options on new and used trucks so the selectboard could seriously options

Spent remaining time working on 2021 budget worksheet.
