Reviewing final budget

- There are a couple odd figures under tax sale and delinquent tax revenue that probably are mistakes or special circumstances, but small enough that Hannah is ok just leaving them as is for now.

School Bldg telephone?

- David should be working on cancelling the fire alarm ad long distance
- \$600 / yr should cover a line that rings in two places -- adding this to the budget

Bathroom in town garage

- Article for voters — who is writing? Selectboard should..
- Hannah wants to be sure that it makes sense to the voters that the total 31,500 will all be added to taxes raised.
- We agree that it's clearer to just ask for the total amount instead of discussing using the revenue from the land sale.
- Selectboard opted for no shower
- Previous info:
 - Mike's estimates: \$38,354.25 including septic, leach field, plumbing and construction materials

Janet is writing the committee report for the town report -- will share with us this week.

Hannah will update the budget document for Thursday.

Next meeting 4th Tuesday in March: March 24th
